

Dental PPO

Good news about dental benefits for employees of Educators Benefit Association (EBA)

Why is dental health so important?

Regular dental care does more than just improve smiles. Along with good oral hygiene, it can help you and your family lower your chances of serious health problems.

- Gum disease has been linked to a 50 percent rise in pancreatic and kidney cancer risk and a 30 percent increase in blood cell cancers.¹
- Research has shown, and experts agree, that there is an association between periodontal diseases and other chronic inflammatory conditions, such as diabetes, cardiovascular disease and Alzheimer's disease.²

How can I get the coverage I need?

Dental insurance offers you a convenient way to get regular dental care and can possibly help prevent life-threatening health problems. And through your employer, you can get this protection at an affordable group rate.

How do I know I'm eligible to participate in this plan?

You can participate in this plan if you are a full-time employee of the policyholder or an associated company, and work in the United States. Full-time means working 20 hours or more per week. Temporary or seasonal workers are not eligible.

Key Advantages of This Plan

- Your plan includes our Lifetime of Smiles[®] program, with benefits many people prefer, such as tooth-colored fillings for back teeth and brush biopsies for the early detection of oral cancer.
